Comments
N/A
I didn't like that the overall lectures on monday–thurdsay really didn't help with performance on the quizzes.
I disliked spending the entire class time going over just the cases as there would only be a few questions from the cases on the quizzes.
homework can worth more
Nothing
I personally do not see the point of this class at all. This is my second time taking it and I still feel like I have learned nothing useful.

That the coursework is hard
The course has more material than needed. It could definitely be shortened
I did not like how there were asynchronous portions of notes and rather would of have synchronous meetings on Wednesday since there is already reduced time to meet with instructors.
I feel that the class time length was a little too long and could have achieved the same amount of material in 30 fewer minutes per class
Occasionally, classes were boring
I though that could have been more resources for exam review.

Nothing to complain about.
